

# GREEN GIFT GIVING GUIDE

Environmentally conscious gifts for the holiday season

## SUCCULENT TERRARIUM

Water efficient plants not only look chic but are easy to maintain and **save precious water!** A terrarium is a simple and inexpensive DIY gift for someone special.

## ELECTRIC VEHICLE

Surprise your loved one with their very own EV and take advantage of the **federal tax credit**, which may only be available for a limited time.

## REUSABLE UTENSILS

Each year, Americans toss out enough **single-use, plastic utensils to circle the Earth 300 times!** So while bamboo utensils might not be the most glamorous gift, they do make a **huge impact** and are perfect for a game of white elephant!

## REUSABLE WATER BOTTLE OR COFFEE TUMBLER

Is your co-worker's plastic water bottle turning into your biggest pet peeve? Not sure how to politely tell them they're adding to the **17 million barrels of oil** burned to meet America's plastic water bottle demands? With the gift of a reusable water bottle, luckily you don't have to.

## DIGITAL DOCUMENTARY

Can't stop raving about that environmental documentary? Want to make sure your friends actually watch it? Give them no excuse by gifting them their very own digital copy. Providing digital gifts **reduces packaging and emissions associated with shipping!**

## RECYCLED GLASSWARE

You're already recycling your glass, so just take it one step further and gift it! Your friend or party host will be happy to brag that their new recycled wine glasses were produced **using 75% less energy!**

## RECIPE IN A JAR

Gift your favorite baking recipe while **avoiding packaging.** Purchase ingredients in bulk, measure and place ingredients in jars, attach the recipe, and voilà!

## QUICK TIP

Plan your gift shopping now to avoid expensive rush delivery costs, unnecessary stress, and the emissions associated with 2-day shipping.

## SOLAR PHONE CHARGER

This is the perfect gift for the nature enthusiasts in your life. With a solar powered charger, they'll always have **clean power** to capture the picturesque views of the great outdoors!

## QUICK TIP

Skip the fuss of wrapping paper and use reusable cloth tote bags instead! The amount of U.S. trash increases by 25% between Thanksgiving and New Year's Day. That's 1 million extra tons of garbage a week!
